IMPORTANT FLOOD INSURANCE NOTICE

Your policy does **NOT** provide coverage for loss caused by flood or mudslide, which is defined, in part, by the **National Flood Insurance Program** as:

A general and temporary condition of partial or complete inundation of normally dry land areas from overflow of inland or tidal waters or from the unusual and rapid accumulation or runoff of surface waters from any source.

If you are required by your mortgage lender to have flood insurance on your property, or if you feel that your property is susceptible to flood damage, insurance covering damage from flood is available on most buildings and contents in participating communities through the National Flood Insurance Program.

Information about flood insurance and whether your community participates in the program can be obtained from your insurance company from your insurance agent/broker, or directly from the:

National Flood Insurance Program by calling 1-800-638-6620.

If you purchase the maximum limits available through the National Flood Insurance Program, and require additional limits, contact your agent/broker for information regarding the Lexington Insurance Company's Excess Flood Program.
